The STOP Violence Against Women Act (VAWA) funding is federally administered by the Office of Justice Programs, Violence Against Women Office within the U.S. Department of Justice. The subgrant program emphasizes coordinated community approaches to reduce violence against women and to create mutually respectful partnerships between the justice system and victim services.

OCJS AND VAWA

The Ohio Office of Criminal Justice Services (OCJS) is a division of the Ohio Department of Public Safety. By statute, OCJS is the lead justice planning and assistance office for the state, administering millions of dollars in state and federal criminal justice funding every year. OCJS also evaluates programs and develops technology, training, and products for criminal justice professionals and communities. OCJS has been designated by Governor John R. Kasich to administer the FY 2017 STOP Violence Against Women Act (VAWA) Grant Program.

Regional Planning Units (RPU) provide criminal justice funding plans and technical assistance for the counties they serve. Local applicants in Cuyahoga, Franklin, and Lucas counties must apply for VAWA funding through their county RPU. Applicants in all other counties, as well as projects with statewide impact, apply directly to OCJS.

WHAT TO EXPECT

Application: For technical assistance on any part of the VAWA application, please contact Tara Butler.

Phone: 567.200.6826

Review. VAWA proposals will be competitively reviewed by CJCC staff and Lucas County criminal justice professionals. Internal compliance reviews are conducted and consist of reviewing the timeliness of financial and programmatic reporting. Project budgets will be reviewed to ensure that costs directly relate to the program. Final funding recommendations are submitted to OCJS for approval.

Award. Award notifications will be mailed to selected projects. Before final approval, projects must complete and return all required forms. Prior to project start date, subgrantees will receive orientation information including funding conditions and grant management strategies. Payments will be made on a reimbursement basis.

All awards will be for 12 months of funding, operating from January 1, 2018 through December 31, 2018.

ACTIVITIES THAT COMPROMISE VICTIM SAFETY AND RECOVERY

The following activities have been found to jeopardize victim safety, deter or prevent physical or emotional healing for victims, or allow offenders to escape responsibility for their actions and cannot be supported with STOP Violence Against Women Act Formula Grant Program funding:

- Procedures or policies that exclude victims from receiving safe shelter, advocacy services, counseling, and other assistance based on their actual or perceived age, immigration status, race, religion, sexual orientation, gender identity, mental health condition, physical health condition, criminal record, work in the sex industry, or the age and/or gender of their children;
- Procedures or policies that compromise the confidentiality of information and privacy of persons receiving OVW-funded services;
- Offering perpetrators the option of entering pre-trial diversion programs;
- Requiring mediation or counseling for couples as a systemic response to domestic violence or sexual assault, or in situations in which child sexual abuse is alleged;
- Requiring victims to report sexual assault, stalking, or domestic violence crimes to law enforcement or forcing victims to participate in criminal proceedings;
- Relying on court-mandated batterer intervention programs that do not use the coercive power of the criminal justice system to hold batterers accountable for their behavior;
- Supporting policies that deny individuals access to services based on their relationship to the perpetrator;
- Supporting policies or engaging in practices that impose restrictive conditions to be met by the victim in order to receive services (e.g., attending counseling, seeking an order of protection);
- Sharing confidential victim information with outside organizations and/or individuals without the documented consent of the victim;
- Placing of batterers in anger management programs; or,
- Procedures that would penalize or impose sanctions on victims of domestic violence or sexual assault for failure to testify against the abuser and/or the perpetrator.

***VAWA subgrantee pre-award conditions will REQUIRE a signed statement from the implementing agency acknowledging that activities will not be carried out that compromise victim safety and recovery:**

In addition, applicants should be cognizant of victim confidentiality. In accordance with 42 U.S.C. § 13925(b)(2), applicants receiving OVW funding, and their subgrantees, must protect the confidentiality and privacy of persons receiving OVW-funded services to support victims' safety. OVW grantees and their subgrantees are prohibited from disclosing personally identifying information collected in connection with services requested, utilized, or denied through the grantee and their subgrantee's programs, to any third party or third party database without informed, written, reasonably time-limited, consent of the person, unless compelled by statutory or court mandate. In this case, grantees and subgrantees must make reasonable attempts to provide notice to victims affected by the disclosure of information. They must also take necessary steps to protect the privacy and safety of the persons affected by the release of the information. Regarding unemancipated minors or persons with disabilities lacking capacity to consent, a parent or guardian may consent to the disclosure; however, if the parent or guardian is the abuser of the minor, the person with disabilities, or the minor's other parent, he or she is prohibited from giving consent to the disclosure.

VIOLENCE AGAINST WOMEN ACT NON-DISCRIMINATION PROVISION

The Violence Against Women Reauthorization Act of 2013 added a new civil rights provision that applies to all FY 2016 OVW grants. This provision prohibits OVW grantees from excluding, denying benefits to, or discriminating against any person on the basis of actual or perceived race, color, religion, national origin, sex, gender identity, sexual orientation, or disability in any program or activity funded in whole or in part by OVW. For more information on this prohibition, see <http://www.justice.gov/sites/default/files/ovw/legacy/2014/06/20/faqs-ngc-vawa.pdf>.

2014 OHIO STOP VAWA IMPLEMENTATION PLAN AND ARC STRATEGIC PLAN

The goal of the 2014 Implementation Plan, which is applicable to federal fiscal years 2014 through 2016, is to identify and fund programs that increase the awareness of domestic violence, sexual assault, stalking, and dating violence, and to facilitate and enhance collaborative efforts amongst courts, law enforcement, prosecution, and victim service agencies to foster a stronger coordinated response toward the elimination of violence against women. **Applicants are required** to demonstrate how the proposed project aligns with the state’s implementation plan priorities. The full plan can be accessed at <http://www.ocjs.ohio.gov/VAWA.stm>. Priority will be given to projects that meet the needs identified in the 2014 Ohio STOP VAWA Implementation plan and the ARC Strategic Plan that can be accessed at <http://www.lucascountycjcc.org/>.

FISCAL CONSIDERATIONS

The unallowable costs lists can be accessed http://ocjs.ohio.gov/ocjs_grants_unallowable_costs.pdf.

LENGTH OF FUNDING

Projects may apply for 12 months of funding, operating from January 1, 2018 to December 31, 2018.

FEDERAL ALLOCATION

Federal requirements mandate the VAWA funding distribution within Ohio’s justice system. OCJS determines funding categories for projects based on the agency implementing the project and the services most directly supported by the project. All of the allocation categories mentioned below are disbursed based on the type of organization that benefits from the VAWA program and the type of services supported by the program; however, court funds must be awarded to a state or local court. Discretionary funding may be used for any of the categories at the discretion of OCJS.

- Law Enforcement 25%
- Prosecution 25%
- Victim Services 30% **(*10% must go to culturally specific community-based organizations)**
- Court 5%**
- Discretionary 15%

CULTURALLY SPECIFIC SET-ASIDE

*Pursuant to the Violence Against Women and Department of Justice Reauthorization Act of 2005 (H.R. 3402), STOP funding decisions must take into consideration that 10% of the 30% that is allocated to victim services must be distributed to community-based organizations that provide culturally specific services.

CULTURALLY SPECIFIC SERVICES — The term ‘culturally specific services’ means community-based services that include culturally relevant and linguistically specific services and resources to culturally specific communities.”

The Violence Against Women Reauthorization Act of 2013 defines “culturally specific” as “primarily directed toward racial and ethnic minority groups (as defined in section 1707(g) of the Public Health Service Act (42 U.S.C. 300u-6(g)).” 42 U.S.C. 13925(a)(6). Section 300u-6(g)(1) defines the term “racial and ethnic minority group” to mean “American Indians (including Alaska Natives, Eskimos, and Aleuts); Asian Americans; Native Hawaiians and other Pacific Islanders; Blacks; and Hispanics.”

→ Non-profit agencies whose primary purpose it to provide culturally specific services for racial and ethnic communities as defined above are encouraged to apply.

SEXUAL ASSAULT SET-ASIDE

Twenty percent of funds granted to the state shall be allocated for programs or projects in two or more federal allocation categories (victim services, courts, law enforcement, and prosecution) that meaningfully address sexual assault, including stranger rape, acquaintance rape, alcohol or drug-facilitated rape, and rape within the context of an intimate partner relationship.

COURT ALLOCATION CATEGORY

**Funds awarded from the court allocation are required to be awarded “to” courts rather than “for” courts.

FUNDING CAP

Agencies may apply for a **maximum of \$60,000** in federal VAWA funds. Requests that exceed the funding cap will not be reviewed or considered.

MATCH

All VAWA awards are required to provide a cash or in-kind match of at least 25 percent of the total project cost. The match requirement is with the exception of projects funded out of the victim service allocation, if the benefit/purpose of the project is to be received by a nonprofit victim service provider. **OCJS determines the allocation categories and will notify projects regarding their matching requirements.**

Cash Match

- State or local budget items or appropriations identified as binding commitments of project match
- Funds contributed from private sources, like corporate or private donations
- Funds from the Housing and Community Development Act of 1974, 42 U.S.C. 5305, et. seq.
- Funds from the Appalachian Regional Development Act
- Project income

In-Kind Match

- Donations of expendable equipment, supplies, workshop or classroom materials, work space
- Monetary value of time contributed by professional, technical, skilled, or unskilled personnel if services are an integral and necessary part of the project

Timing

Match does not need to be applied at the exact time or in proportion to the obligation of federal funds: it must only be obligated by the end of the project period.

Sustainability. Sustainability refers to the ability for a program to maintain its services for an extended period of time after initial funding support and technical assistance from an external donor has ended. (US Agency for International Development, 1988) It is important for programs to develop a plan to continue programmatic activities. **Applicants should demonstrate a commitment to their program by briefly describing the steps that will be taken to ensure long term program sustainability.**

FOOD AND BEVERAGE/COSTS FOR REFRESHMENTS AND MEALS

Generally food and beverage costs are **not** allowable, and under no circumstances may OVW funding be used to supply food and/or beverages during refreshment breaks. OVW funds may be used to provide food and/or beverages for a meal at a meeting, conference, training, or other event, if one of the following applies:

- The location of the event is not in close proximity to food establishments. It should be a priority to try to secure a location near reasonably priced and accessible commercial food establishments.
- Not serving food will significantly lengthen the day or necessitate extending the meeting to achieve meeting outcomes.
- A special presentation at a conference requires a plenary address where there is no other time for food to be obtained.
- Other extenuating circumstances necessitate the provision of food.

Justification for an exception listed above must be included in the budget narrative, and funds may only be used to purchase food and/or beverages for a meal at a meeting, conference, training, or other event if OVW approves the specific expenditures in advance.

CONFERENCE PLANNING AND EXPENDITURE LIMITATIONS

Applicants should be aware of all applicable laws, regulations, policies and guidance (including specific cost limits, prior approval and reporting requirements, where applicable) governing the use of Federal funds for expenses related to conferences (which is defined to include meetings, retreats, seminars, symposiums, training and other similar events), including the provision of food and/or beverages at such events, and costs of attendance at such events. Information on pertinent laws, regulations, policies and guidance is available at <http://www.justice.gov/ovw/grantees>.

Applicants should also be aware of the following specific restrictions on conference planning and expenditure limitations:

- Cost of Logistical Conference Planning
- Cost of Programmatic Conference Planning
- Conference Space and Audio-Visual Equipment and Services
- Prohibition on Trinkets at Conferences
- Entertainment at Conferences
- Food and Beverages at Conferences
- Prior Approval Required Before Entering Into Contracts or Expending Funds for Conferences
- Conference Reporting

Updated Department of Justice and OVW guidance on conference planning, minimization of costs, and conference cost reporting is accessible on the OVW website <http://www.justice.gov/ovw/grantees>. Federal assistance awards are governed by the provisions of 2 CFR Part 200. Additionally, OVW awards are covered by the DOJ Financial Guide. For additional information please refer to <http://ojp.gov/financialguide/DOJ/index.htm>.

ACCOMMODATIONS AND LANGUAGE ACCESS

Recipients of OVW funds must comply with applicable federal civil rights laws, which, among other things, prohibit discrimination on the basis of disability and national origin. This includes taking reasonable steps to ensure that persons with limited English proficiency (LEP) have meaningful access to recipients' programs or activities. More information on these obligations is available in the OVW FY 2014 Solicitation Companion Guide accessed at <https://www.justice.gov/ovw/docs/companion-guide-fy2014.pdf> and at www.lep.gov.

Applicants are encouraged to allocate grant funds to support activities that help to ensure individuals with disabilities and deaf individuals and persons with limited English proficiency have meaningful and full access to their programs. For example, grant funds can be used to support American Sign Language (ASL) interpreter services, language interpretation and translation services, or the purchase of adaptive equipment.

Applicants proposing to use grant funds to create websites, videos and other materials must ensure that they are accessible to persons with disabilities. Grant funds must be allocated for these purposes.

- Other extenuating circumstances necessitate the provision of food.

Justification for an exception listed above must be kept on file in the grantee's records, and funds may only be used to purchase food and/or beverages for a meal at a meeting, conference, training, or other event.

 - The efforts that will occur or are occurring to promote the elimination barriers to accessing services and help increase the utilization of services for underserved populations.
- Please describe whether the marginalized community falls into one of the following three tier populations:
 - ***Unserviced:*** populations that have no services available to them.
 - ***Underserved:*** populations that have minimal access and are in need of more outreach and support.
 - ***Inadequately served:*** Historically marginalized populations that may be overrepresented, but remain inadequately served with specific reference to the quality of service and a “one-size-fits-all” approach.

Project Description

Describe the plan of action that includes a description of the scope and detail of how the proposed project will address the problem identified in the problem statement and target population section of the application. **The applicant must also define how the project fits within the state's 2014 implementation plan priorities** (<http://www.ocjs.ohio.gov/VAWA.stm>) and the ARC Strategic Plan. See **page 10** for additional Project Description Requirements, if required, for each program area. The proposal should include the following:

- A description of the proposed activities and approach (i.e. model or practice) to be taken and clearly demonstrates how the identified problem will be addressed. The approach should seem logical given the characteristics and needs of the target population and underserved population section of the application.
- A clear demonstration on how the project will achieve fidelity to the best practice model being implemented, including:
 - A discussion of the necessary resources that are required to implement the approach or the response outlined in the proposed application. The resources should be reasonable given the scope and detail of the identified approach.
- Evidence that shows that the model or practice is effective with the target population, including:
 - Documentation that the model or practice chosen is (are) appropriate for the outcomes the program would like to achieve.
 - Justification for selecting the particular program model for implementation.
 - **Applicants should provide a detailed discussion on their plan to implement a model that is evidence-based or grounded in best practices of the field.** For more information on evidence-based practices, go to <http://www.ocjs.ohio.gov/ebp.stm>
- Explains the steps that will be taken to ensure long term program sustainability (i.e. the ability for the program to maintain its services over time). The applicant must demonstrate a commitment to the program by describing a plan for maintaining programmatic activities after initial funding support from OCJS has ended.

Project Objectives

Applicants should describe the outcomes or changes anticipated as a result of the proposed project. The achievement of the objectives should provide an outcome that reflects a measureable change for the target population due to the services offered by the program. **(Objectives should be defined to align with the state's 2014 implementation plan priorities** <http://www.ocjs.ohio.gov/VAWA.stm>, **and the ARC Strategic Plan** <http://www.lucascountycjcc.org/>).

The application will be evaluated on how effectively it:

- Clearly identifies project objectives (measure change as a result of implementing the proposed project). If the objective demonstrates a percentage of increase then indicate how the calculation is derived (i.e. 20% out of 25 individuals).
- Clearly identifies performance indicators (how you will measure that change, what instrument and/or tools are to be used, etc.).
- Clearly identifies any baseline data that exists from the most recent prior year of the project.

There are two types of objectives:

- **Outcome** objectives describe the measured changes (impact that will occur as a result of implementing the proposed project).
- **Process** (also known as "output") objectives describe the "process" (activities/steps) that a program will implement.

Performance Indicator:

Describe the evaluation method and performance indicator (measurement) tool that will be used to examine the change that will occur in the client base as a result of the services that the shelter/program provides. The performance indicator should relate to each mandated objective.

Baseline:

Include the result of past evaluations or results of data collection efforts (this is the baseline). If no attempts to evaluate services have been made to date (then the baseline is zero), indicate why this method of doing so proves to be the most effective.

Performance Data Collection:

Discuss the procedures and strategies for collecting, analyzing, storing and reporting the data. This should include discussing how anonymity and confidentiality are maintained.

The application will be evaluated on how it effectively:

- Clearly identifies project objectives (measure change as a result of implementing the proposed project). If the objective demonstrates a percentage of increase then indicate how the calculation is derived (i.e. 20% of 25 individuals).
- Clearly identifies performance indicators (how you will measure that change, what instrument and/or tools are to be used, etc.).
- Clearly identifies any baseline data that exists from the most recent prior year of the project.

Applications must provide two objectives and at least one objective should be an outcome objective. Each objective should include performance indicators, baseline numbers and data collection methods that further the goal of the selected Program Area. Please use the standardized objectives listed here below and select two objectives that correspond with the application’s program area.

Timeline and Activities

Describe how the programmatic and grant administrative activities as well as the related outcomes and objectives will be reasonably achieved in the given project period. The proposal should include the following:

- A comprehensive timeline that is well-defined and specifies what will be done, who (individuals and organizations) will do it, and when it will be accomplished. Including: activities such as anticipated collaboration board meetings, CJCC grant reporting deadlines and any other activities specific to the project. The timeline should be reasonable given the nature of the problem, the target population, and the approach/response discussed in earlier sections of the application.
- If applicable, include any other deliverables that will be created and/or used throughout the project.

Organization and Staff Capacity

Describe the history and accomplishments of the organization responsible for implementing the project. Identify any key staff that will be involved in the project, including the project director and other individuals who will be responsible for administering the grant and implementing the program. The proposal should include the following:

- The mission of the subgrantee and/or implementing agency.
- The organizational capacity to administer grant funds of similar size and scope of the proposal, including:
 - A list of resources available to administer grant funds (personnel/staff, infrastructure to support additional programs, computers, software, etc...).
- Is the successful completion of the project realistic given the key staff implementing the project?
- Key staff, including volunteers that will participate in the proposed project.
 - Include qualifications and education of project staff.
 - If position is vacant, describe process and criteria to hire experienced and qualified staff.

Development Efforts Surrounding Issues of Cultural Competency

Pursuant to the Violence Against Women and Department of Justice Reauthorization Act of 2005 (H.R. 3402), STOP funding decisions must take into consideration that 10% of the 30% that is allocated to victim services must be distributed to community-based organizations that provide culturally specific services. The definition of culturally specific services describes the types of activities such groups would offer to overcome obstacles to access more traditional services. This also means that mainstream programs that have a goal of serving underserved populations must ensure that they offer full linguistic access and culturally specific services. An organization which possesses a good grounding in cultural competency will naturally develop the appropriate outreach and services to yield culturally and linguistically desired service related outcomes (refer to pages 6-7).

- How the issues of cultural competency, outreach and services have been translated into planning for the proposed project. Does the racial make-up of the board, staff and volunteers reflect the victims to be served?
- A description of the agency's staff recruitment process and staff retention techniques.
- A discussion of how the organization addresses anti-oppression in their mission statement.
- The requirements for staff to attend training on issues of anti-oppression and privilege.
- The types of outreach and programming offered.
- How does training for staff, volunteers and board members reflect the underserved population(s) identified within the problem statement?

Collaboration Board

Collaboration Boards are essential to the funding process by helping projects achieve their goals and objectives. Collaboration Boards should be comprised of agency representatives as well as various stakeholders from the community, including but not limited to representatives from children services, community organizations, hospitals, local police departments, and the court system, such as victim advocates, and prosecutors' offices. The Collaboration Board must conduct meetings at least quarterly and keep minutes of discussion items. Describe the collaborative effort between the applicant and other organizations. The proposal should include the following:

- The organizations that will participate in the Collaboration Board and will be responsible for overseeing the project. A description of their roles and demonstrates their commitment to the project. The applicant may use an existing community board or group to provide oversight to the project and act in the capacity of the Collaboration Board. **Commitment letters will be required from all representatives on the Collaboration Board.**

- Describes the extent and nature of the collaborative effort and how the role and function of each organization will support the overall goal of the project. Partner agencies should be clearly linked with their role and function within the collaborative group.
- The management of the collaborative group. The applicant should be able to document when quarterly meetings will be held, how members will be notified of upcoming meetings, and the process for distributing and maintaining records of minutes of meetings. If the applicant uses an existing community board or group to serve as the Collaboration Board, describe how the group will provide specific oversight for this project.
- How the collaborative group will work together to achieve project goals and objectives.
- **Applications must include commitment letters for all Collaboration Board members. Letters must be submitted as follows: 1) on agency letterhead detailing the agency's role and commitment as a partner to the proposed project. OR 2) one collaboration letter describing the role of each collaborating agency and signed by all members of the collaboration board.**

Continuation Projects Only

Continuation projects should report the number of clients served with current funding and highlight any noteworthy accomplishments or goals that were reached with support from the grant program.

Budget

Describe any costs associated with implementing the program.

- Present a clear and detailed budget with a narrative that clearly explains and justifies the budget information.
- Justify the costs of the proposed program and explain why the costs are considered reasonable in view of the types and range of activities to be conducted, the number of participants to be served and the expected results and benefits.
- Clearly state the source of the match funds and how the match funds will be used.
