The STOP Violence Against Women Act (VAWA) funding is federally administered by the Office of Justice Programs, Violence Against Women Office within the U.S. Department of Justice. The subgrant program emphasizes coordinated community approaches to reduce violence against women and to create mutually respectful partnerships between the justice system and victim services.

## WHO IS OCJS

The Ohio Office of Criminal Justice Services (OCJS) is a division of the Ohio Department of Public Safety. By statute, OCJS is the lead justice planning and assistance office for the state, administering millions of dollars in state and federal criminal justice funding every year. OCJS also evaluates programs and develops technology, training, and products for criminal justice professionals and communities. OCJS has been designated by Governor Mike DeWine to administer the FY 2022 STOP Violence Against Women Act (VAWA) Grant Program.

Regional Planning Units (RPU) provide criminal justice funding plans and technical assistance for the counties they serve. Local applicants in Cuyahoga, Franklin, and Lucas counties must apply for VAWA funding through their county RPU (refer to page 17). Applicants in all other counties, as well as projects with statewide impact, apply directly to OCJS.

## ELIGIBLE APPLICANTS

All VAWA applicants must have an organization, or subrecipient that will serve as the fiduciary agent and assume overall responsibility for the grant. Eligible VAWA subrecipients include:

1. A unit of local government or council of governments. A unit of local government has legislative autonomy, jurisdiction, and authority to act in certain circumstances. Units of government include a city, county, township, or village. If two or more jointly apply, they must designate one body to take the lead role and identify that agency's fiscal officer, or
2. Local and state nonprofit, non-governmental victim service programs.
3. Law enforcement agencies applying under this solicitation must be in compliance with crime statistics reporting, using either the [Ohio Incident-Based Reporting System](#) (OIBRS) or the FBI Uniform Crime Reporting Program's National Incident-Based Reporting System (NIBRS) Collection Application (NCA), per [Ohio Revised Code Section 5502.62\(C\)\(6\)](#).

## ELIGIBILITY REQUIREMENTS

1. Applicants must submit a complete application for each new grant cycle. If the project is a continuation of a previous project please select Continuation on the Title Page and give the grant number. Failure to properly designate the project as new or continuation may jeopardize funding.
2. All applicants, with the exception of nonprofit victim service providers, must submit a signed Attachment A with the application. The Attachment A consists of two components: (1) a letter that states the applicant has consulted with a state or local nonprofit victim service provider during the course of developing the application, and (2) a victim service consultation certification form signed by both the applicant and victim service provider. The Attachment A template can be accessed at [http://www.ocjs.ohio.gov/Attachment\\_A\\_Victim\\_Service\\_Consultation.pdf](http://www.ocjs.ohio.gov/Attachment_A_Victim_Service_Consultation.pdf). The Attachment A will be uploaded with the Collaboration Board Letters as an attachment. (Collaboration Board-refer to pages 24).

3. Projects applying under VAWA must have a collaboration board representing law enforcement, prosecution, victim service providers, and any other applicable agency/representative that will help to inform the project's activities and goals.  
(Collaboration Board – refer to page 24.)—

***Nonprofit victim service providers/agencies that receive funding under this solicitation are not required, nor should they report identifying information regarding clients served to the Homeless Management Information System.*** The term 'personally identifying information' or 'personal information' means individually identifying information for or about an individual including information likely to disclose the location of a victim of domestic violence, dating violence, sexual assault, or stalking, regardless of whether the information is encoded, encrypted, hashed, or otherwise protected, including—(A) a first and last name; (B) a home or other physical address; (C) contact information (including a postal, e-mail or Internet protocol address, or telephone or facsimile number); (D) a social security number, driver license number, passport number, or student identification number; and (E) any other information, including date of birth, racial or ethnic background, or religious affiliation, that would serve to identify any individual.

### BIDDERS TRAINING

A Bidders Training for the 2022 CJCC/STOP Violence Against Women Act (VAWA) Funding programs will take place **on June, 21 2022 at 2:00 PM via Zoom\*** to review requirements and materials required to submit a successful application. The training will provide information helpful for both the application preparation and review process.

**\*NOTE: If you plan to attend the bidders training (and have NOT already notified CJCC) please send an email listing your agency, your name, and your email address to [grants@noris.org](mailto:grants@noris.org) by June 17, 2022.**

### TECHNICAL ASSISTANCE

For technical assistance on any part of the VAWA application, please contact the CJCC Grants Manager, Marla Conkin at 567.200.6826, [marla.conkin@noris.org](mailto:marla.conkin@noris.org)

### WHAT TO EXPECT

Prior to project start date, subgrantees will receive orientation information including funding conditions and grant management strategies. Payments will be made on a reimbursement basis.

#### ACTIVITIES THAT COMPROMISE VICTIM SAFETY AND RECOVERY

***The following activities have been found to jeopardize victim safety, deter or prevent physical or emotional healing for victims, or allow offenders to escape responsibility for their actions and cannot be supported with STOP Violence Against Women Act Formula Grant Program funding:***

- Procedures or policies that exclude victims from receiving safe shelter, advocacy services, counseling, and other assistance based on their actual or perceived age, immigration status, race, religion, sexual orientation, gender identity, mental health condition, physical health condition, criminal record, work in the sex industry, or the age and/or gender of their children;
- Procedures or policies that compromise the confidentiality of information and privacy of persons receiving OVW-funded services;
- Offering perpetrators the option of entering pre-trial diversion programs;
- Requiring mediation or counseling for couples as a systemic response to domestic violence or sexual assault, or in situations in which child sexual abuse is alleged;
- Requiring victims to report sexual assault, stalking, or domestic violence crimes to law enforcement or forcing victims to participate in criminal proceedings;
- Relying on court-mandated batterer intervention programs that do not use the coercive power of the criminal justice system to hold batterers accountable for their behavior;
- Supporting policies that deny individuals access to services based on their relationship to the perpetrator;
- Supporting policies or engaging in practices that impose restrictive conditions to be met by the victim in order to receive services (e.g., attending counseling, seeking an order of protection);
- Sharing confidential victim information with outside organizations and/or individuals without the documented consent of the victim;
- Placing of batterers in anger management programs; or,
- Procedures that would penalize or impose sanctions on victims of domestic violence or sexual assault for failure to testify against the abuser and/or the perpetrator.

## CONFIDENTIALITY AND PRIVACY PROTECTIONS

*OVW/OCJS/CJCC grantees [recipients] and their subgrantees [subrecipients]<sup>1</sup> are prohibited from disclosing personally identifying information collected in connection with services requested, utilized, or denied through the grantee and their subgrantee's programs, to any third party or third-party database without informed, written, reasonably time-limited consent of the person, unless compelled by statutory or court mandate. Where there is a mandate to release information, grantees and subgrantees must make reasonable attempts to provide notice to victims affected by the disclosure of information. They must also take necessary steps to protect the privacy and safety of the persons affected by the release of the information. Regarding unemancipated minors or persons with disabilities lacking capacity to consent, a parent or guardian may consent to the disclosure; however, an abuser of a minor, person with disabilities, or the minor's other parent is prohibited from giving consent to the disclosure. If a minor or a person with a legally appointed guardian is permitted by law to receive services without the parent's or guardian's consent, the minor or person with a guardian may release information without additional consent. Due to a requirement in VAWA 2013, grantees and subgrantees must document their compliance with the confidentiality and privacy provisions required under this section.*

## VIOLENCE AGAINST WOMEN ACT NON-DISCRIMINATION PROVISION

The Violence Against Women Act (VAWA), as amended, prohibits OVW grantees from excluding, denying benefits to, or discriminating against any person on the basis of actual or perceived race, color, religion, national origin, sex, gender identity, sexual orientation, or disability in any program or activity funded in whole or in part by OVW (34 U.S.C. § 12291(b)(13)). Recipients may provide sex-segregated or sex-specific programming if doing so is necessary to the essential operation of a program, so long as the recipient provides comparable services to those who cannot be provided with the sex-segregated or sex-specific programming. For more information about how DOJ interprets the non-discrimination provision in VAWA, see [Frequently Asked Questions on the Non-Discrimination Grant Condition in the Violence Against Women Act of 2013](#).

- the development of such protocols in collaboration with State, Tribal, Territorial and local victim services providers and domestic violence coalitions.

Note: Any law enforcement, State, Tribal, Territorial, or local government agency receiving funding under the Crystal Judson Domestic Violence Protocol Program shall, on an annual basis, receive additional training on the topic of incidents of domestic violence committed by law enforcement personnel from domestic violence and sexual assault nonprofit organizations and, after a period of two years, provide a report of the adopted protocol to the Department, including a summary of progress in implementing such protocol. As such, States and Territories are responsible for ensuring that each subgrantee [subrecipient] receiving funds under this purpose area will receive the required annual training. States and Territories must notify and provide OVW with a list of subgrantee recipients awarded STOP funds under the Crystal Judson Domestic Violence Protocol Program.

#### 2017 OHIO STOP VAWA IMPLEMENTATION PLAN

The goal of the 2017 Implementation Plan, which is applicable to federal fiscal years 2017 through 2020 (**the Implementation Plan is applicable to subsequent fiscal years until a new plan has been formally approved by OVW**), is to identify and fund programs that increase the awareness of domestic violence, sexual assault, stalking, and dating violence, and to facilitate and enhance collaborative efforts amongst courts, law enforcement, prosecution, and victim service agencies to foster a stronger coordinated response toward the elimination of violence against women.

**Applicants are required to demonstrate how the proposed project aligns with the state's implementation plan priorities.** The full plan can be accessed at

<http://www.ocjs.ohio.gov/VAWA.stm>.

#### **Definitions for Identified Goals**

OCJS has developed a definitions document to provide guidance, clarity and expectation on the terms expressed within the plan's identified goals. The document can be accessed at

<https://www.ocjs.ohio.gov/links/IdentifiedGoals.pdf>.

#### NEW AND CONTINUATION PROJECTS

A new project is one that has never received VAWA funding. If an agency submits an application for a project substantially similar to a previously awarded project, the project proposal is considered a continuation of the earlier program. New and continuation projects compete equally for funding.

## FISCAL CONSIDERATIONS

- The unallowable costs list can be accessed at [http://www.ocjs.ohio.gov/ocjs\\_grants\\_unallowable\\_costs.pdf](http://www.ocjs.ohio.gov/ocjs_grants_unallowable_costs.pdf)
- Applicants may apply for 12 months of funding, operating from January 1, 2023 to December 31, 2023.
- Federal allocation requirements mandate the VAWA funding distribution within Ohio’s justice system.
- A cash or in-kind match of at least 25 percent is required for most VAWA subrecipients. Nonprofit victim service providers funded out of the victim service allocation are exempted from this requirement.
- A maximum of \$60,000 may be requested. Requests that exceed this funding cap will not be reviewed or considered. The number of applications received and the availability of funds are a few of the factors that influence the number and size of awards. *The \$60,000 funding cap is only relevant to the OCJS requested costs and does not include match dollars.*

### **Federal Allocation Requirements**

OCJS/CJCC determines funding categories for projects based on the agency implementing the project and the services most directly supported by the project. All of the allocation categories mentioned below are disbursed based on the type of organization that benefits from the VAWA program and the type of services supported by the program; however, discretionary funding may be used for any of the categories at the discretion of OCJS/CJCC.

- Law Enforcement           25%
- Prosecution               25%
- Victim Services            30% **(of which 10% is a culturally specific set-aside)**
- Court                         5%
- Discretionary              15%

### **Culturally Specific Set-aside**

Pursuant to the Violence Against Women and Department of Justice Reauthorization Act of 2005 (H.R. 3402), STOP funding decisions must take into consideration that 10% of the 30% that is allocated to victim services must be distributed to community-based organizations that provide culturally specific services.

**CULTURALLY SPECIFIC SERVICES** —The term ‘culturally specific services’ means community-based services that include culturally relevant and linguistically specific services and resources to culturally specific communities.

The Violence Against Women Reauthorization Act of 2013 defines “culturally specific” as “primarily directed toward racial and ethnic minority groups (as defined in section 1707(g) of the Public Health Service Act (42 U.S.C. 300u-6(g)).” 42 U.S.C. 13925(a)(6). Section 300u-6(g)(1) defines the term “racial and ethnic minority group” to mean “American Indians (including Alaska Natives, Eskimos, and Aleuts); Asian Americans; Native Hawaiians and other Pacific Islanders; Blacks; and Hispanics.”

## **Sexual Assault Set-aside**

Twenty percent of funds granted to the state shall be allocated for programs or projects in two or more federal allocation categories (victim services, courts, law enforcement, and prosecution) that meaningfully address sexual assault, including stranger rape, acquaintance rape, alcohol or drug-facilitated rape, and rape within the context of an intimate partner relationship.

## **Court Allocation Category**

Funds awarded from the court allocation are required to be awarded “to” courts rather than “for” courts.

## **Match Requirements**

All VAWA awards are required to provide a cash or in-kind match of at least 25 percent of the total project cost. The match requirement is with the exception of projects funded out of the victim service allocation, if the benefit/purpose of the project is to be received by a nonprofit victim service provider.

### **Cash Match**

Acceptable forms of Cash Match include:

- State or local budget items or appropriations identified as binding commitments of project match
- Funds contributed from private sources, like corporate or private donations
- Funds from the Housing and Community Development Act of 1974, 42 U.S.C. 5305, et. seq.
- Funds from the Appalachian Regional Development Act
- Project income

### **In-Kind Match**

Acceptable forms of In-Kind Match include:

- Donations of expendable equipment, supplies, workshop or classroom materials, work space
  - The value placed on donated services must be consistent with the compensation rate paid for similar work in the organization or labor market. Loaned or donated equipment may not exceed its fair market value.
  - Monetary value of donated time contributed by volunteers such as professional, technical, skilled, or unskilled personnel if services are an integral and necessary part of the project
  - Volunteer services must be documented and supported by the same methods used by the grant recipient for the recipient’s own employees.

Match does not need to be applied at the exact time or in proportion to the obligation of federal funds: it must only be obligated by the end of the project period.

## **Funding Cap**

Applicants may apply for a maximum of \$60,000 in federal VAWA funds. Applications requests must reflect **realistic** and **allowable** project costs that can be expended during the January 1, 2023 to December 31, 2023 project period.

## **Food and Beverage/Costs for Refreshments and Meals**

Generally food and beverage costs are **not** allowable, and under no circumstances may OVW funding be used to supply food and/or beverages during refreshment breaks. OVW funds may be used to provide food and/or beverages for a meal at a meeting, conference, training, or other event, if one of the following applies:

- The location of the event is not in close proximity to food establishments. It should be a priority to try to secure a location near reasonably priced and accessible commercial food establishments.
- Not serving food will significantly lengthen the day or necessitate extending the meeting to achieve meeting outcomes.
- A special presentation at a conference requires a plenary address where there is no other time for food to be obtained.
- Other extenuating circumstances necessitate the provision of food.

Justification for an exception listed above must be included in the budget narrative, and funds may only be used to purchase food and/or beverages for a meal at a meeting, conference, training, or other event if OVW approves the specific expenditures in advance.

## **Conference Planning and Expenditure Limitations**

Applicants should be aware of all applicable laws, regulations, policies and guidance (including specific cost limits, prior approval and reporting requirements, where applicable) governing the use of Federal funds for expenses related to conferences (which is defined to include meetings, retreats, seminars, symposiums, training and other similar events), including the provision of food and/or beverages at such events, and costs of attendance at such events. Information on pertinent laws, regulations, policies and guidance is available at <http://www.justice.gov/ovw/grantees>.

Applicants should also be aware of the following specific restrictions on conference planning and expenditure limitations:

- Cost of Logistical Conference Planning
- Cost of Programmatic Conference Planning
- Conference Space and Audio-Visual Equipment and Services
- Prohibition on Trinkets at Conferences
- Entertainment at Conferences
- Food and Beverages at Conferences
- Prior Approval Required Before Entering Into Contracts or Expending Funds for Conferences
- Conference Reporting

Updated Department of Justice and OVW guidance on conference planning, minimization of costs, and conference cost reporting is accessible on the OVW website <http://www.justice.gov/ovw/grantees>. Federal assistance awards are governed by the provisions

of 2 CFR Part 200. Additionally, OVW awards are covered by the DOJ Financial Guide. For additional information please refer to <https://www.ojp.gov/funding/financialguidedoj/overview>.

### PROGRAM ASSESSMENTS

Grantees under this program are prohibited from using OVW funds to conduct research. They may use funds to assess their work for quality assurance and program improvement purposes only, such as by surveying training participants about the quality of training content and delivery or convening discussion forums with key stakeholders. Applicants considering such assessments must refer to the DOJ/OJP decision tree

<https://ojp.gov/funding/Apply/Resources/ResearchDecisionTree.pdf> to ensure that the activity does not qualify as human subjects research. For additional information on federal requirements related to assessments or surveys, see the Solicitation Companion Guide

<https://www.justice.gov/ovw/resources-and-faqs-grantees#Guides>.

**OCJS has made available a pool of academic researchers who are willing to provide technical assistance at no cost to those applicants who seek assistance in the planning, implementation, and/or evaluation of their proposed program.** These researchers are part of the Ohio Consortium of Crime Science (OCCS), and their mission is to provide evidence-based solutions to the real-world problems faced by local criminal justice agencies. Please complete all components of your proposal, and note in the Project Description whether you are considering requesting assistance from the OCCS, and if so, the type of assistance you would like to have. If your grant application is funded, once all pre-award conditions have been met we will direct you to complete the “Request for Assistance” form to begin the process to be paired with appropriate researchers in the field.

For further information on the OCCS and the types of assistance they can offer, please go to the OCJS home page and click on the OCCS link on the right hand side of the page, or use the following link: <https://services.dps.ohio.gov/OCCS/Pages/Public/Welcome.aspx>.

### ACCOMMODATIONS AND LANGUAGE ACCESS

Recipients of OVW/OCJC/CJCC funds must comply with applicable federal civil rights laws, which, among other things, prohibit discrimination on the basis of disability and national origin. This includes taking reasonable steps to ensure that persons with limited English proficiency (LEP) have meaningful access to recipients’ programs or activities. More information on these obligations is available in the OVW FY 2022 Solicitation Companion Guide accessed at <https://www.justice.gov/ovw/page/file/1463936/download> and at [www.lep.gov](http://www.lep.gov).

Applicants are encouraged to allocate grant funds to support activities that help to ensure individuals with disabilities and deaf individuals and persons with limited English proficiency have meaningful and full access to their programs. For example, grant funds can be used to support American Sign Language (ASL) interpreter services, language interpretation and translation services, or the purchase of adaptive equipment.

Applicants proposing to use grant funds to create websites, videos and other materials must ensure that they are accessible to persons with disabilities. Grant funds must be allocated for these purposes.

#### POST AWARD REPORTING REQUIREMENTS

All VAWA CJCC subgrantees are required to submit a semi-annual and annual performance report. Subgrantees are required to report on any grant funded activity that occurred during the calendar year (January 1 – December 31). The semi annual performance report can be accessed through the CJCC website at <https://lucascountycjcc.org/Grants/Forms>. The semi annual report is due by July 31 to CJCC. The annual report, referred to as the MUSKIE report is due to OCJS by January 31. The MUSKIE Performance Report Form and Performance Report Instructions can be accessed through the Office of Criminal Justice Services (OCJS) website at <http://www.ocjs.ohio.gov/VAWA.stm>.

## STOP VIOLENCE AGAINST WOMEN ACT (VAWA)

### PROPOSAL NARRATIVE

#### PROBLEM STATEMENT AND UNDERSERVED POPULATION

Applicants should define, explain or clearly describe the problem or issue to be addressed, and its impact on the community. The application should clearly describe the nature and scope of the problem, including how it aligns with the definitions of identified goals (see page 10), justifies the need for assistance, and relates the problem and the need for assistance to the scope of the Violence Against Women Act Grant Program. The development of the nature and scope of the problem should be data driven and the applicant will need to provide relevant state, and local level data/statistics as well as agency statistics to document the problem addressed.

**Applications will be evaluated on how clearly the following items have been responded to within the narrative.**

- Provide local data/statistics that show how the community/population you serve has been impacted by the scope of the problem. **Responses should include:**
  - Population size, location, geography
  - Target population composition in terms of race, ethnicity, age, socioeconomic status, and other important demographic information
  - Underserved population(s) that have been identified as part of the target population to receive outreach and services (**refer to the “underserved population” section below**)
  - Relevant crime data and other documentation to support the need for specialized services (**may include but not limited** to local law enforcement data, court and prosecution data, legal assistance, shelter and supportive victim service activities, waiting lists)
- Discusses **both** the short and long-term consequences for the community if the problem identified is not addressed. More specifically, the applicant should discuss what will happen to the community if the proposed project is not funded.
- Identify other resources in the community that are currently available to address the problem. **Responses should include:**
  - Explain why existing resources are not sufficient to address the problem.
  - If no resources exist, the applicant should discuss the gaps in services, and
  - Describe how the proposed project will help alleviate those gaps.

#### **Underserved Population**

The term ‘underserved populations’ means populations who face barriers in accessing and using victim services, and includes populations underserved because of geographic location, religion, sexual orientation, gender identity, underserved racial and ethnic populations, populations underserved because of special needs (such as language barriers, disabilities, alienage status, or

age), and any other population determined to be underserved by the Attorney General or by the Secretary of Health and Human Services, as appropriate.

All projects must identify at least one underserved population. All projects must describe previous strategies to outreach, collaboration, and partnerships. The discussion must also describe the population size and demographic characteristics for the population(s).

- **What are the underserved populations your project will serve?**
  - Avoid identifying “all” victims of domestic violence, dating violence, sexual assault, and stalking as underserved.
- **Why are the populations currently underserved?**
  - What are the barriers to services for the populations?
  - Are the underserved populations attempting to access services? If not, then why not?
- **How will the project meet the needs of the underserved populations?**
  - What efforts will or are occurring to promote eliminating barriers to accessing services; and help increase the utilization of services for underserved populations?

Applicants **MUST** clearly describe whether the underserved community falls into one of the following three tier populations:

- **Unserved:** *populations that have no services available to them.*
- **Underserved:** *populations that have minimal access and are in need of more outreach and support.*
- **Inadequately served:** *Historically marginalized populations that may be overrepresented, but remain inadequately served with specific reference to the quality of service and a “one-size-fits-all” approach.*

## PROJECT DESCRIPTION

Applicants should describe a plan of action that the proposed project will implement in order to address the identified problem discussed in the problem statement. **The applicant must also define how the project fits within the state’s 2017 implementation plan goals** (<http://www.ocjs.ohio.gov/VAWA.stm>)<sup>3</sup>.

**Applications will be evaluated on how clearly the following items have been responded to within the narrative.**

- Clearly describe the proposed activities and approach (i.e., model or practice) to be taken given the nature of the problem to be addressed. The approach should seem logical given the characteristics and needs of the identified target population (including the underserved). Identify the model(s) or practice to be implemented.
  - Explain why the particular program model(s) or best practice was selected for implementation.

---

<sup>3</sup> Refer to page 10 regarding applicant and subrecipient implementation plan expectations.

- Provide a detailed discussion on the plan to implement the model(s) or practice that is evidence-based or grounded in best practices of the field. For more information on evidence-based practices, go to <http://www.ocjs.ohio.gov/ebp.stm>.
- Discuss the evidence that shows that the model or practice is effective with the target population, as well as the underserved populations described previously.
- Discuss the evidence that the model(s) or practice chosen is (are) appropriate for the outcomes the program wants to achieve.

***Note: Applicants that will be implementing lethality assessments or danger assessments must upload a copy of the tool with the application. Upload the tool with the Collaboration Board Letters as an attachment (Collaboration Board-refer to pages 16 and 24).***

- Demonstrate how the applicant will implement the program in a way that incorporates the core elements of the chosen program model or best practice.

**Responses should describe:**

- How core services, components, and procedures are consistent with the evidence-based model or best practice utilized.
  - The necessary resources that are required to implement the approach or response outlined. The resources should be reasonable given the scope and detail of the identified approach.
  - Any data or information collected and reviewed to ensure that the program is being implemented consistently over time and across program participants.
- Describe how trauma informed services are provided for victims of domestic violence, dating violence, sexual assault and stalking who may also be victims of human trafficking. Human trafficking is defined by the use of force, fraud, or coercion to compel victims into performing labor or commercial sex acts. The vast majority of human trafficking victims also experience multiple forms of abuse, such as domestic violence, intimate partner violence, familial violence, and sexual assault. For example, victims of human trafficking may be in an intimate relationship and have children with their trafficker, who may use physical abuse as a mechanism to control and coerce the victim.<sup>4</sup>

  - If the current proposal is requesting funds for a continuation of programming activities, these obstacles should be related to programming that was completed under previous funding.
- Elaborate on collaboration with community resources and how various agencies and stakeholders have played a role in sustainability, accomplishments and obstacles.

## PROJECT OBJECTIVES

- Applicants should describe the outcomes or changes anticipated as a result of the proposed project. The achievement of the objectives should provide an outcome that reflects a measurable change for the target population due to the services offered by the program.
- Please click here on the [OCJS Grants Performance Objectives](#) and select two objectives that correspond with the application's program area.
- **Objectives should be defined to align with the state's 2017 implementation plan priorities** <http://www.ocjs.ohio.gov/VAWA.stm>.
- Objectives must link to the problem statement and project description and must be consistent with the program area selected (**refer to page 18**).

**There are two types of objectives:**

**Outcome** objectives describe the measured changes (impact) that will occur as a result of implementing the proposed project.

**Process** (also known as “output”) objectives describe the “process” (activities/steps) that a program will implement.

Applications must provide two objectives, and at least one objective should be an outcome objective. Each objective should include performance indicators, baseline numbers and data collection methods that further the goal of the selected Program Area.

**Performance Indicator:**

Describe the evaluation method and performance indicator (measurement) tool that will be used to examine the change that will occur in the client base as a result of the services that the shelter/program provides.

The performance indicator should relate to each mandated objective.

**Baseline:**

Include the result of past evaluations or results of data collection efforts (this is the baseline). If no attempts to evaluate services have been made to date (then the baseline is zero), indicate why this method of doing so proves to be the most effective.

**Performance Data Collection:**

Discuss the procedures and strategies for collecting, analyzing, storing and reporting the data. This should include discussing how anonymity and confidentiality are maintained. **The application will be evaluated on how effectively it:**

- Clearly identifies project objectives (measure change as a result of implementing the proposed project). If the objective demonstrates a percentage of increase then indicate how the calculation is derived (i.e. 20% out of 25 individuals).
- Clearly identifies performance indicators (how you will measure that change, what instrument and/or tools are to be used, etc.)
- Clearly identifies any baseline data that exists from the most recent prior year of the project.

**TIMELINE AND ACTIVITIES**

Applicants should describe how the programmatic and grant administrative activities as well as the related outcomes and objectives will be reasonably achieved in the given project period. Applicants should present a timeline of activities that is comprehensive and well defined.

  - In cases where positions have not been filled, the applicant should clearly describe a reasonable approach and criteria to hire experienced and qualified staff.

**Applicants should describe their organizational, staff capacity, and developmental efforts surrounding issues of cultural competency and humility.**

**Applications will be evaluated on how clearly the following items have been responded to within the narrative.**

Collaboration Boards can allow for the sharing of resources to maximize capacity and project impact. Community task forces, steering committees, coalitions, working groups, advisory groups are samples of the types of Collaboration Boards that may be applicable for the project.

Collaboration Boards are comprised of the applicant agency representatives as well as various stakeholders from the community and include but are not limited to: Victim advocates from domestic violence, sexual assault and other agencies, children services, community organizations, hospitals, law enforcement, the court system, prosecutors' offices, and representatives from underserved and culturally specific community-based organizations.
