# CJCC - History

The federal government provided funding to initiate and maintain comprehensive criminal justice planning at the local level. As a result, Criminal Justice Supervisory Council Established (CJSC) was established.

1972

The City of Toledo and the Lucas County Board of Commissioners signed an agreement to create the Criminal Justice Coordinating Council (CJCC) as successor to the CJSC. The CJCC was established as a separate entity under Ohio Revised Code 167.01-08 and 181.54 (subsequently amended to 5502.64) to provide planning, analysis, training, information management and technical assistance.

1981

The Criminal Justice Training and Education Center (CJTEC) was created to provide basic, in-service and management-level training to criminal justice personnel in Northwest Ohio. A second valuable resource became available to police, courts and corrections agencies with the creation of the Northwest Ohio Regional Information System (NORIS), a computerized information system.

1974

Due to declining contract revenue, CJTEC was discontinued. Mainframe Core Software migrated from Unisys to PC client server utilizing SQL server databases

2001

The CJCC Reentry Committee was formed. CJCC subsequently joined the National Network of Criminal Justice Coordinating Councils; a forum to engage in national problem-sharing and problem-solving discussions about creating systemic and sustainable change. The CCJC was engaged to support the Lucas County Safety + Justice Challenge (SJC).
