- Excellent communication skills
- Effective time management

### Benefits:

- Public Employees Retirement System of Ohio (OPERS)
- Two weeks' vacation
- Medical, dental, vision, life insurance
- Paid sick leave
- Twelve holidays

### Company Description:

Northwest Ohio Regional Information System (NORIS) provides software solutions for law enforcement, courts, probation and corrections. NORIS serves as a data repository for criminal justice in Northwest Ohio. We offer a variety of software and services to improve data sharing, data integration, identify management and cross agency work flow. By integrating our information, agencies are able to track a person's progress throughout the criminal justice system.
